17.	**Procedure for allocation of Bonds and settlement:**	The Issuer will establish the exact amount of the Bonds to be allotted with respect to each Subscription Order. In case the subscription amount for the Tranche is equal to or exceeds the aggregate principal amount of the relevant Tranche, the Issuer shall decide which Investors shall be allotted with the Bonds and to what amount, and which Investors shall not be allotted with the Bonds. The Bonds shall be allocated to the Investors participating in the offering in accordance with the following main principles: (a) the Existing Bondholders may be given priority in the allocation process; (b) the division of Bonds between retail and institutional investors has not been predetermined. The Issuer shall determine the exact allocation in its sole discretion, considering the overall demand from different Investor categories; (c) under the same circumstances, all Investors shall be treated equally, whereas dependent on the number of Investors and interest towards the Offering, the Issuer may set minimum and maximum number of the Bonds allocated to one Investor; (d) the allocation shall be aimed to create a solid and reliable Investor base for the Issuer; (e) possible multiple Subscription Orders submitted by the Investor shall be merged for the purpose of allocation; (f) Subscription Orders via nominee accounts (incl. if made on the account of pension investment accounts) shall be treated as Subscription Orders from separate independent Investors only if this was disclosed to the Issuer. Any remaining Bonds which cannot be allocated using the above-described process shall be allocated to the Investors on a random basis. Accordingly, the Investors who subscribe the Bonds of the relevant Tranche may not receive all of the Bonds they have subscribed for

		and it is possible they may not receive any. In case the subscription amount for the Tranche is below the aggregate principal amount of the relevant Tranche, the Issuer may decide to cancel the issuance of the Tranche or, subject to supplements or amendments to the Final Terms, to adjust the aggregate principal amount of the relevant Tranche corresponding to the subscription amount of the Tranche. The Issuer shall not be obliged to allocate any Bonds to any Investors participating in the offering of the Bonds. Furthermore, there will be no target minimum individual allocation of the Bonds to the Investors. After completion of the allocation of the Bonds, announcement about allotment of the Bonds shall be made to the Investors pursuant to internal documents and procedures of a respective credit institution or investment brokerage firm where an Investor has submitted his/her/its Subscription Order. The Bonds allocated to the Investors shall be transferred to their securities accounts in accordance with the DVP (Delivery vs Payment) principle pursuant to the Auction Rules simultaneously with the transfer of payment for such Bonds.
